

Tigger Tian.

Think. Trust. Believe. Create.

A fifteen-year-old self-taught learner from Beijing.

PROFILE

Most of what I know, I taught myself — coding, English and debate — by building projects and practising a little every day. I train on the fencing piste almost daily, speak on the British Parliamentary floor, and have kept my own English newspaper going since I was eight. I care more about learning well than about looking impressive.

FOCUS

AI & Coding

Foil Fencing

Parliamentary Debate

Writing

ACHIEVEMENTS

- **IELTS 8.5** — first attempt, age 13. Listening 9 · Reading 9 · Speaking 8 · Writing 7.
- **Advanced Placement (2026)** — AP U.S. History 4 · AP U.S. Government 5 · AP Comparative Government 5.
- **Two-time Oxford Schools' BP Debate Champion** (U14, China rounds).
- **Under-16 Grand Finalist**, 21st HKPDS Workshop & Tournament.
- **Beijing Municipal Games** — team gold; National Second-Class Athlete.
- **2nd place, Moonshot48 Hackathon** — China's largest for middle & high-school students.
- **Founder, Tigger International Fencing Camp** — a non-profit camp in Beijing.

PROJECTS

- **tiggertian.com** — my personal website, designed and built by hand.
- **readnewnews.com** — the home of *New News*, my English newspaper.
- **tiggerinternational.org** — official site of the fencing camp.
- **Pantheon Debate** — a debate-learning platform, in development.
